Introducing Salt Lake Bible College Study Center in Andhra Pradesh –South India

On behalf of the staff I would like to welcome you to Salt Lake Bible College AP -India. SLBC is a completely free online Bible College that is Associated with the University of America that supplies on-campus courses for a small fee. The purpose of this college is to provide training in the Word of God to all who want to learn, no matter what denominational background they may have and no matter what their financial situation. We believe that everyone needs to know the basics of the Bible.

Its existence:

SLBC was formed as an arm of Salt Lake Baptist College to meet the needs of those who may or may not call themselves Baptist. It is our belief that those Christians who truly want to serve God need to know exactly what the Bible teaches so that they will be able to then take that knowledge to others and in so doing further the will of God in their lives. We also believe that everyone, regardless of religious background or a lack thereof, needs the Word of God. Therefore, anyone wanting to study with us will be accepted as a student.

Its purpose:

The purpose of SLBC is to teach the Bible to those who need to be grounded in solid biblical teachings rather than denominational teachings and/or the teachings of liberal theologians who have denied the faith under the banners of compromise and/or unbelief.

How long has it been here and its effectiveness?

Although Salt Lake Bible College itself started in September of 2007, as an arm of Salt Lake Baptist College it draws upon the essence of that college's 27 years of existence and experience in preparing men and women for the ministry by means of solid, biblical, teachings. In January of 2013 Salt Lake Bible College was extended to India with a head quarters in TENALI and have many Study Center branches all over Andhra Pradesh to train men and women for the Ministry.
